Included sections

1 selected topic will be included in this report.

01 Highest level of schooling

Sources and method

- Source: Australian Bureau of Statistics, Census of Population and Housing, 2021 and, where available, 2016 comparison data.
- Percentages are calculated from the denominator supplied for each topic. Change (pp) is the 2021 percentage minus the 2016 percentage when the topic is comparable across years.
- Usual residence topics describe where people usually live, rather than where they were counted on Census night.

Highest level of schooling

Greater Hume Shire (A) | Regional NSW comparison | Persons
Community report section 1 of 1

Key takeaway

In 2021, Year 12 or Equivalent was the most common schooling level among residents aged 15 and over in Greater Hume Shire (A), accounting for 36.7% (3,274 people). This share was lower than Regional NSW (43%). Since 2016, the biggest change was in Year 12 or Equivalent, which increased by 543 people and 3 percentage points.

About this topic

Highest level of schooling shows the highest year of primary or secondary school completed by people aged 15 years and over. It describes school attainment rather than post-school qualifications.

This topic helps indicate educational attainment and can support analysis of access to employment, training, and services. It is best read with qualifications and other socio-economic indicators, because school completion alone does not show a person's full skill profile.

Interpretation notes

- This records the highest year of primary or secondary school completed by people aged 15 years and over.

- It is not a measure of post-school qualifications, so it should be read with non-school qualifications for full attainment.

Highest level of secondary schooling completed
