In 2021, no qualification was the most common qualification level among residents aged 15 and over in Waroona (S), accounting for 45.1% (1,594 people). This share was higher than Regional WA (40.5%). Since 2016, the biggest change was in vocational, which increased by 155 people and 3.3 percentage points.

About this topic

Qualifications records the highest non-school qualification completed by people aged 15 years and over. It describes post-school educational attainment such as certificates, diplomas, and university degrees.

This topic is a key indicator of skill level and socio-economic opportunity within an area. It is most useful when read with employment status, occupation, and income, which show how qualifications relate to labour market outcomes.

Interpretation notes

- This topic uses highest completed non-school qualification, so incomplete study and current enrolment do not count as attained qualifications.

- It applies to people aged 15 years and over and should be read with schooling for the full education profile.
